

Re: Docket# 98N-1038, "Irradiation in the Production, Processing,
and Handling of Food."

I want the FDA to continue prominent labeling of food that has
been treated with irradiation. The label should be conspicuous and
include the logo for irradiation.

Your Signature: Charles V. Carlini

Additional comments: Would be even better to

add effects of irradiation on the
cellular level on the label

98N-1038
